21, 4<sup>th</sup> St Virginnia Summervill Mambugan  
Antipolo City, 1870

A motivated and hardworking student from the Polytechnic University of the Philippines with a strong interest in web development. I have experience in both frontend and backend technologies, and I'm currently working as a freelance support full stack developer at Montecarlo Webgraphics on a project-by-project basis. I enjoy learning new tools, solving problems, and collaborating with others. I'm eager to grow professionally, contribute to a team, and make a positive impact wherever I work.

## PROFESSIONAL EXPERIENCE

---

### Freelance Support Full Stack Developer

Montecarlo Webgraphics – Remote / Project-Based

- Assisted in developing and maintaining client websites using JQuery, Laravel
- Worked closely with senior developers on backend functionality using Laravel
- Participated in debugging, task implementation, and basic UI/UX improvements
- Delivered tasks within deadlines and communicated progress clearly to the team

### Technical Skills

Programming Languages: **HTML, CSS, JavaScript, PHP**

Frameworks/Libraries: **React, Laravel, Bootstrap, Tailwind CSS, jQuery**

Tools: **Git, VS Code, Figma**

Platforms: **Windows, GitHub, ClickUp, GoDaddy**

## PROJECTS

---

### Personal Portfolio

<https://zach-eight.vercel.app>

*HTML, CSS, Javascript, Tailwind CSS, React*

- Created a responsive website to showcase personal projects and skills
- Used Tailwind CSS for modern UI and deployed using GitHub Pages

### LiteShuttle

<https://www.liteshuttle.com>

*Laravel, Bootstrap, jQuery*

- A real-world website project I was involved in as a support developer
- Assisted in developing backend features using Laravel, including basic routing and CRUD
- Participated in debugging, form validations, and minor design adjustments based on client feedback
- Built the frontend for Contact, FAQs, About, and Services pages based on a Figma design
- Collaborated with the main development team to meet project deadlines and deliver client requirements
